

Burnt Ember

Burnt Ember

A solution for the environment and your home

Barbican ReadyFlow™ 60

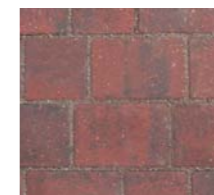

Barbican ReadyFlow™ 60 provides an attractive and effective solution to protecting your natural environment from heavy rainfall and possible flooding. Be it a driveway or garden, Barbican ReadyFlow™ 60 offers a modern classic with a twist. Specifically designed to reduce the amount of rainfall into sewers, promote cleaner rivers and streams, less pollution and increased water to plant and tree.

Barbican ReadyFlow™ 60 has a contemporary appearance with its smooth finish and clean lines. Available in three distinct colours Barbican ReadyFlow™ 60 is ideal for adding a touch of style to your home outdoors.
