

FLEXIBLE SOLUTION FOR SPORTS SURFACES

Game, Set & Match. VIACOURT® is the optimum asphalt material designed and engineered for the use in high performance sports surfaces.

Based on a 6mm open graded surface course, our product promises to deliver the high quality and consistent surface that players and sports have come to expect.

Player safety is paramount to CEMEX, it is for this reason VIACOURT® has been engineered to provide a smooth, even and low textured playing surface to help reduce any risk of injury.

VIACOURT® is fully compliant with the Sports and Play Contractors Association guidelines giving you the assurance that our solutions meets industry standards.

Available throughout our entire network of plants, in two grades, VIACOURT®

Tennis and VIACOURT® MUGA (Multi Use Games Areas).

Our product has been designed to provide a rapid draining surface for tennis courts and other sports surfaces, allowing sport to recommence soon after a period of rain fall.

We recommend that VIACOURT® is installed in conjunction with a VIACOURT® grade binder course to provide the ultimate drainage characteristics. Suitable binder courses are available in 10,14 and 20mm aggregates sizes allowing you to select the material that is best suited to your application and requirements.

Why not tap into our wealth of experience and expertise? CEMEX technical department are always on hand to discuss specific requirements with you for every type of sports surface.
